Anfragennr.. / Enquiry no. :

For a correct specification all headings in BOLD must be completed	<i>Option 1</i>	<i>Option 2</i>	<i>Option 3</i>
SPECIAL REQUIREMENTS (Please provide a drawing, picture or schematic if possible)			
Valve currently in use (please provide identity, part no etc.)			
Application (eg rail, air conditioning, gas, water, etc.)			
Connection (eg G1/4, flange)			
Flow rate / KV value / Orifice (State units please)			
Ports (ie 2/2,3/2 etc)			
NO or NC			
Pressure min			
Pressure max			
Working pressure			
Temperature of medium °C			
Ambient temperature °C			
Medium (State cleanliness)			
Viscosity			
Body material			
Seals			
Manual override (Yes/No)			
Orientation (horiz, vert, any)			
Nominal voltage			
Power consumption			
Duty cycle			
Insulation class			
Protection class			
Quantity			
Electrical connector (eg DIN)
